0.5
1.0
1.5
Exposure ΔR^2 (percentage points)
Association
Not significant
BY FDR only
Bonferroni

b

30
20
10
0
$-\log_{10}(P)$
Past-year drinking frequency
Education (4 groups)
Vigorous leisure activity: Yes vs No
Muscle-strengthening frequency
Moderate leisure activity: Yes vs No
Household income (quartile)
Smoking: current vs never-established
Supplement use: no vs yes

c

Fasting plasma glucose
White blood cell count
Resting pulse rate
Fasting triglycerides
Platelet count
Alkaline phosphatase, 2008–2011 assay
Alanine aminotransferase, uncensored release years
Waist circumference
DXA femoral neck area (legacy)
DXA Ward region area (legacy)
Fasting insulin (IRMA)
DXA right arm area (legacy)
DXA lumbar spine (whole-body scan) areal bone mineral density (legacy)
DXA subtotal excluding head bone mineral content (legacy)
DXA lumbar L3 areal bone mineral density (legacy)
DXA lumbar L4 bone mineral content (legacy)
DXA trochanter areal bone mineral density (legacy)
DXA right ribs areal bone mineral density (legacy)
DXA lumbar L4 areal bone mineral density (legacy)
DXA left leg areal bone mineral density (legacy)
DXA left leg area (legacy)
DXA right leg bone mineral content (legacy)
DXA thoracic spine areal bone mineral density (legacy)
DXA femoral neck areal bone mineral density (legacy)
HDL cholesterol, official harmonized field
DXA pelvis areal bone mineral density (legacy)
DXA lumbar spine L1–L4 areal bone mineral density (legacy)
DXA left leg bone mineral content (legacy)
Peak expiratory flow
DXA whole body bone mineral content (legacy)
DXA lumbar L2 areal bone mineral density (legacy)
DXA right leg area (legacy)
DXA Ward region areal bone mineral density (legacy)
DXA right leg areal bone mineral density (legacy)
DXA lumbar L1 areal bone mineral density (legacy)
DXA subtotal excluding head areal bone mineral density (legacy)
DXA lumbar L1 bone mineral content (legacy)
DXA whole body areal bone mineral density (legacy)
DXA pelvis bone mineral content (legacy)
DXA pelvis area (legacy)
